

The Tucson Vet Home needs this!

"photo is of a similar cart"

The Arizona State Vet Home in Tucson desperately needs a golf cart that has been modified to accommodate a wheelchair. The modified cart will be used to transport residents, including those who are wheelchair bound, to doctor appointments throughout the campus.

The American Legion Riders Oro Valley Chapter 132 needs your help to raise funds to acquire a modified cart for such a purpose. The Chapter has made a deposit of \$500 to "hold" a cart. The cost of the cart, including the professionally completed modifications, is estimated at \$10,000.00.

The modified golf cart will meet all federal and state regulations for safety and comfort.

Donations may be made directly to American Legion Riders Chapter 132 referencing "modified golf cart". If making a pledge toward the purchase of the cart, please notify John Madaloni AKA "Little John" at 909-921-3185 or akalittlejohn@aol.com Include the amount of the pledge and the organization making the pledge.
